

All the news from the neighbourhoods of Blueridge
and Seymour Heights in the DNV

Welcome to Fall 2017. It's nice to be back to school and routines now that the long summer is over. Keep an eye out for kids on the roads now that school has started - please respect the 30 km /hr school zones. Our next community association **meeting** is at 7:00 pm on Tuesday September 12 in the library of Blueridge Elementary School. All are welcome to attend. This Saturday September 9th there is a work party in the **Sharing Garden** starting at 9:30 am. Stop by for a coffee and to join in the Great Potato Harvest.

This Saturday September 9th is the last Blueridge Sharing Garden work party for the summer. Join us in the garden at 9:30 am for coffee and the great potato harvest. This is a photo of the amaranth that has been beautifying the garden all summer.

We have two volunteer opportunities. Click to find out more about our **Web Architect** and **Communications Director** positions. These are flexible volunteer positions you can do from the convenience of your home. They can help build your resume or portfolio.
