Lots of exciting events to let you know about in this Blueridge Bulletin including a DNV survey on housing! Read on!

Concerned about housing issues within our municipality? **[Take this survey from the DNV!](#)**

The Official Community Plan (OCP) Implementation Monitoring Committee is exploring ways to improve housing diversity and affordability in the community, and they want to hear from you.

Please take a few minutes to share your thoughts with them on housing issues in the District, along with your suggestions for how housing opportunities for people of all ages and incomes can be achieved.

The committee will use your input when providing Council with their report this October.

I have attached the invitation and poster from the David Suzuki Foundation for those who are interested in attending.

Mark your calendar! Come join us at the next **Blueridge Community Association Meeting** set for **7pm on September 11**. Come and find out more about the District of North Vancouver's plans for Maplewood, including the North Shore Innovation District (a suggested development of 1,100 new residential units) as well as the Berkley Road extension through Maplewood. District staff will make a presentation and answer questions about these developments. Meetings are held in the library at Blueridge Elementary School.

Did you know.....

"The Blueridge Community Association (BCA) was founded in October 1992 to oppose the development of a Hyannis Connector Road that would have linked Hyannis Drive with Lynn Valley. In 1995 the BCA opposed another proposed development project, Cove and Mountain Forest, north of Blueridge, which would have added over 2000 residences to the forested lands north and west of Blueridge. Since that time, the BCA has developed into an association that is an important voice for our community. The BCA actively organizes and promotes events that highlight Blueridge/Seymour Heights. Held every year since 1998, the most high-profile event is Blueridge Good Neighbour Day, which often surpasses 1,800 participants. The BCA co-hosts all-candidates meetings for every single election at all three levels of government - municipal, provincial and federal."
